Annual Conference 22-24 September 2010

Edinburgh
Sheraton Grand Hotel
Conference Programme

**Annual Conference
Edinburgh Sheraton Grand Hotel
22-24 September 2010**

Dear Colleague,

It gives us great pleasure to invite you to our annual conference in Edinburgh this year.

As you will see from the enclosed programme* we are privileged to have first class speakers, many with international recognition and all eminent in their field of expertise. The diverse range of topics reflects the varied clinical interests of our members, and hopefully will be attractive to others in related fields.

Last year the free paper / poster session proved very popular and was, in fact, oversubscribed making for a very competitive field indeed. We would therefore urge you to submit your entry promptly. Anyone can submit an entry and the details for doing so are on the BAOS website. The closing date for entries is 31st July. The free paper session will include presentations by the winners of the audit/research competitions for VDPs and SHOs. There is also an overall 'BAOS Free Paper Prize' awarded to the best verbal presentation at the conference.

The social programme includes an informal Scottish Show and dinner at Prestonfield House and a black tie dinner at Dynamic Earth. We will be joined by nursing colleagues attending their study day on Thursday 22 September 2010. Separate details for the dental nurse's programme are also available on the BAOS website. Please do invite your nursing colleagues to come.

This year's venue is the Sheraton Grand Hotel in Edinburgh which is within easy walking distance of all amenities, including shopping malls, cafes and bars, a large choice of hotels, Princess Street and Waverley railway station.

We look forward to seeing you in September!

*Any changes/additions to the programme will appear on the website.
