CPD points - TBC

PILATES CLASS

Friday 27 September 2019

Room: Marlborough Room

Title: PILATES CLASS

Instructor: Linda Hardwick

Description: Pilates helps to improve posture, develop strength and increase flexibility. Adopting a better posture can also boost confidence, improve your mood and help you to look slimmer.

This general level class will help you to understand the principles of the Pilates method and how to incorporate it into your daily life, whether you are simply looking to start the day with a gentle stretch and movement class, or whether you are looking for something more challenging. Different levels of exercise will be given so you can select the best level to suit your body and mood.

Linda is a 'Pilates Foundation' trained teacher with over 8 years' experience of teaching Pilates. She originally qualified as a registered general nurse and this training has given her an extensive knowledge of anatomy and physiology, which has been invaluable to her Pilates teaching.

Registration: 7.15am

Class timings: 7.30am - 8:30am

Fee: £15

Max Numbers: 14

Closing Date: 30 August 2019

Dress code: All attendees should wear comfortable clothes, just socks, no trainers.

All attendees may be asked to complete a **brief health questionnaire** beforehand.

Equipment: Mats and equipment will be provided on the day.

Water will also be provided.

SYNERGY IN ORAL SURGERY

Surgic Pro
Surgical Micromotor System

Variosurg 3
Ultrasonic Bone Surgery System

"The NSK Surgic Pro+ surgical micromotor offers an exceptional combination of power and accuracy, which is easy to use as its performance is displayed in real-time on a large LCD screen. Offering a wide range of speeds and torque settings, the Surgic Pro+ can be used with almost any implant system. The Variosurg ultrasonic bone surgery system is indispensable when performing certain implant procedures, the feedback and auto-tuning functions, combined with a wide range of tips, ensure faster, more precise treatments."

Dr Philip Friel, BDS BSc (Hons, MedSci) MFDS RCS (Edin) MRCPs (Glas), Clinical Director and Principal Dentist at Philip Friel Advanced Dentistry, Glasgow, www.philipfriel.com

"I have found NSK's Surgic Pro very easy to use for surgical and implant procedures. It offers powerful and precise performance, coupled with intuitive operation and has revolutionised my implant surgery."

Dr Joe Bhal BDS FDS RCS MClinDent MRD RCSEd Specialist in Prosthodontics and Oral Surgery
