Dear Colleagues,

It gives me enormous pleasure to welcome you to the 2024 Annual Scientific Conference of the British Association of Oral Surgeons being held **Wednesday 6 March 2024 – Friday 8 March 2024**. The conference is being held at the **Hilton Newcastle Gateshead Hotel** which overlooks the Tyne Bridge, with the Quayside area being only a short walk away.

The Hilton is easy to get to being less than a mile from Gateshead metro station and only 8 minutes from the A1 motorway. I am sure you will be pleased to note that in response to overwhelming feedback following conference in 2022, we have reverted back to the 3-day programme!

The Conference working group of Lee Mercer, Kelly Gillan, Rhian Jones and myself have worked hard to bring you an exciting programme that includes **Lauren Sutherland KC**, junior counsel in the landmark case on Consent to medical treatment – *Montgomery v Lanarkshire Health Board* [2015]. She presented the first argument for the claimant in the Scottish Inner House and was part of the team who conducted the case in the UK Supreme Court and will be updating us on new changes to consent.

Also on the menu will be our first debating session where Mr Kandy Ganesan and Mr Jimmy Makdissi will thrash out *the needs of the surgeon v the needs of the radiologist* when it comes down to *CBCCT*. We will also be considering some **very sensitive issues**, presented by excellent speakers, that may affect many of us and certainly some of our patients, suicide and survivors of child sexual abuse on the Thursday morning. Amongst our other oral surgery-relevant topics of lingual nerve repair, burning mouth syndrome, private oral surgery practice, SAS portfolio development and odontogenic sinusitis, we are delighted to have a session hosted by the **CDO's** from all 4 Nations who will be debating 'What will Oral Surgery look like in each Nation in 10 Years Time'.

We also have our **Trainee, Primary Care, SAS and Oral Surgery Journal** meetings intermingled in the programme, so please be sure to join those most relevant to yourself.

Our generous sponsors and exhibitors will be keen to see you and impart their expert knowledge at their stands throughout the conference.

Of course, we will be showboating **the best research and audit** work carried out by our membership and we are already excited about presenting the prizes at the formal dinner on the Thursday evening. Dinner and dancing will be enjoyed at **the Hilton Newcastle Gateshead**.

The informal evening on the Wednesday is being held at the **Lane 7 Newcastle** and has been hired exclusively by BAOS for the evening, so we can eat, drink, socialise and play the night away with pool, bowling, ping pong and karaoke to name but a few.

I look forward to seeing you at Conference!

Dr Julie Burke
BAOS President

Day 1 – Wednesday 6 March 2024
